KNOW WHAT YOUR PARISH COUNCIL CAN DO OR CAN'T DO

The Parish Council is often consulted by other authorities and organisations about things that affect Whitwick. Councillors carefully think about what might be best for the village, how changes may be good for some people, or sometimes worse. Topics vary from leisure facilities, planning or licensing matters. Residents also approach the parish council for help and put suggestions for consideration – like help to stop speeding traffic, checking air quality, how to reduce crime or raise awareness of parking problems to help reduce nuisance/damage.

WE CAN'T DO:
 Make our own decisions on planning applications - the District Council has this legal responsibility.

News from your Parish Council – JULY 2018

The council is preparing to advertise the tender for our new grounds maintenance contract that starts in April 2019. This is an important decision for the parish so councillors have invested in researching the details of what is needed in the next 4 years. An announcement will be made later in the year when a decision is reached.

What do you want to see for Whitwick in the future?

Thank you to everyone who came to talk to the parish council last month and discuss ideas for the future. It is important to listen to what you really want and what you don't want in the years ahead. We are looking at more opportunities to hear what you think so if you didn't manage to come, please call in at the community office to find out how to have your say or email us.

Wonders of Whitwick – tell us more (Email clerk@whitwickpc.org.uk with your good news)

What an unexpected joy one Friday afternoon to hear the church bells pealing, feel the warm sun shining and see a pair of buzzards circling in the sky. Helps to make Whitwick the special place that it so clearly is.
